## **1. Introduction**

This plan seeks to address the statutory requirements of the Equality Act 2010 (which replaces the Disability Discrimination Act 1995) and to further the aims of our Vision Statement by:

- 1.1 ensuring its definition is delivered in our school. "It is unlawful for a school to discriminate against a pupil or prospective pupil by treating them less favourably because of their sex, race, disability, religion or belief, sexual orientation, gender reassignment and pregnancy or maternity".
- 1.2.1 continuing to improve all aspects of the physical environment of the school site and other resources so that all disabled pupils can take full advantage of the education and associated opportunities provided by the School.
- 1.2.2 increasing the extent to which disabled pupils can participate in the school curriculum
- 1.2.3 improving the environment of the school to increase the extent to which disabled pupils can take advantage of education and associated services
- 1.2.4 improving the delivery to disabled pupils of information which is provided in writing for pupils who are not disabled
- 1.3 The Equality Act 2010 builds on existing responsibilities to ensure pupils, parents, carers and staff are consulted by the school to ensure people with a disability do not experience discrimination. Barriers to inclusion will be identified by the school and reasonable adjustments made to provide equality of opportunity for all. We will promote disability equality.

## **2. Guidelines**

### **2.1 Aims**

- 2.1.1 The school and its staff are committed to offering a high-quality education to all children in the community in line with the requirements of The Equality Act 2010. We will consult with the school community to identify barriers to inclusion and establish short term and long term targets to accessibility.
- 2.1.2 This school promotes inclusion and will take all reasonable steps to ensure that children with a disability or SEN are not discriminated against or treated less favourably than other pupils. The school will work in partnership with the family and other agencies in the best interest of the pupil and to maximise educational opportunity.
- 2.1.3 We are committed to continuing staff training to enable them to be effective in the education of young people with disabilities and /or Special Educational Needs.
- 2.1.4 We will prioritise sufficient resources to support the actions identified in this plan.

### **2.2 Definition of 'Disability'**

- 2.2.1 The Equality Act 2010 defines a disabled person as someone who has:  
*'A physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.'* 'Long term' means at least 12 months. 'Substantial' means 'more than minor or trivial.'
- 2.2.2 This definition covers pupils with physical (including sensory), intellectual or mental impairments. The definition is broad and includes children with a learning disability, sensory impairment, severe dyslexia, diabetes, epilepsy, incontinent pupils, pupils with Aids, severe disfigurements or progressive conditions like Muscular Dystrophy. It can also include diagnosed conditions such as ADHD or Tourette's Syndrome.
- 2.2.3 It is important that staff are aware that, although a pupil, parent, carer or staff member may be considered to have a disability according to the definition, they may not consider themselves disabled.
- 2.2.4 A whole school approach to inclusion is the most effective way of meeting the needs of all pupils.
- 2.2.5 This diagram shows the overlap between Special Educational Needs and Disability.
